

Nore, for what purpose did you want to be recognized?

SENATOR NORE: Mr. President, fellow members, I agree with Senator Carpenter, and I think what he wants really is that he wants to bring the moles up out of the holes, and this will do it.

PRESIDENT: Alright, Senator Chambers, did you want to be recognized?

SENATOR CHAMBERS: Mr. President, members of the Legislature point a personal privilege. I do want to be recognized not only as Senator Chambers but as the Governor of this state ultimately, the one that will give leadership and if you vote for me, that is what you will have. Thank you.

PRESIDENT: Well at the present time we do not have anything before the body. We will move up to...we will go on to the General File Consideration of LB703.

CLERK: Read LB703.

PRESIDENT: Chair recognizes Senator Snyder.

SENATOR SNYDER: Mr. President, members of the legislature, LB703 has to do with the board of appeals and there is a request to have it experimental situation where they have an extra member who would be seated in the absence of one of five regular members. The amendment is merely to correct a drafting error on line, it would insert a new line seven and all lines would be given the next highest number, but it is just to make for the one member to be for a term of one year. It was inadvertently left out by the bill drafter, so I would move for the amendment which is correctional in nature.

PRESIDENT: Any further discussion of the amendment? All those in favor of the committee amendment say aye, those opposed say no. So ordered, the amendments are adopted. Any other amendments to the bill? Very good, Senator Syas we are back to you for the committee amendments.

(start belt #12)

SENATOR SYAS: I move that the bill be advanced. All this bill does as I understand it, it is a city of Omaha bill and we have an appeals board up there and sometimes they can't get anything done because somebody is absent and this is kind of a new twist, if you have an alternate member that can vote and hear the cases if one member is known to be absent so that you can take action and get the board off dead center.

PRESIDENT: Any further discussion of the bill? Question is, Senator Carpenter, your light is one, do you wish to discuss the bill? Thank you. Question is shall LB703 as amended be advanced from General File to E & R Initial. All those in favor vote aye, those opposed vote no. Have you all voted? Motion is to advance the bill. Once again, have you all voted? Clerk will record.

CLERK: 29 ayes, 0 nays on the motion to advance.

PRESIDENT: Bill is advanced. Brings up for General File
